UDAY KUMAR DEV

Engineering Student

+ 9779825967719 | udayd468@gmail.com | udaykumardev.com.np

PROFILE

Detail-oriented student engineer with a developing background in software, system planning and technical workflows. I enjoy learning, experimenting and solving problems with a structured approach. I'm looking for opportunities where I can apply what I know, learn from others and build strong professional experience.
